## GETS TEN YEARS ON THE REEF

A Young Hawaiian Burglar Who Does Not Seem Disposed to Reform—Has Just Finished Serving a Sentence.

Judge Gear admitted had a hard case to decide when he came to sentencing Robert P. Keliiaa this morning for burglary in the first degree. Keliiaa's plea was guilty.

"I must call your honor's attention to the fact that this is the second offence, the defendant having just completed a sentence for a former burglary. There are also four other charges against him," said the Deputy Attorney General. As it was learned that the prisoner had not yet been indicted on the other charges they were disregarded.

Keliiaa is a bright looking Hawaiian youth sixteen years of age and in answer to questioning by the judge it transpired that he had been well educated, but had never done any work. His mother, he said, is a widow. The prisoner admitted that he had already served two years for burglary, having been out of jail for less than a month.

"The penalty of twenty years which is the maximum I could give you is very severe," said Judge Gear, "but you certainly should be put somewhere you are made to work."

Ten years on the reef was the sentence imposed, a fate which young Keliiaa met with a smile which indicated that he did not at all recognize the condition into which he has fallen.

## NUMEROUS GAMBLERS ARRESTED

The police have arrested a large number of alleged gamblers. A crap game at Twilley was raided yesterday, a number of Chinese were caught in a tailor shop on King street near Bethel and charged with gambling. The latter raid was made last night. Fifteen defendants were fined various sums today by Judge Lindsay for being present at places where gambling was conducted. A number of other defendants had their cases continued.

## TO HELP THE LEPERS

PRESIDENT PINKHAM OF THE BOARD OF HEALTH REPLIES TO REQUESTS FOR PERMITS TO VISIT THE SETTLEMENT, SENDING THE PERMITS BUT EXPLAINING WHY POLITICIANS SHOULD "CUT OUT" THE SETTLEMENT.

The following is a letter sent by President Pinkham to Candidate John Richardson of Maui, in reply to requests for permits to make political speeches at the Leper Settlement:

"Mr. John Richardson, Lahaina, Maui. Dear Sir: Herewith find the permits as per your request. The objection of the Board of Health and its President has been the making the disease Leprosy the subject of partisan discussion for party purposes. Such discussion has occurred in the past for the purpose of securing votes solely. It was attempted by certain persons this campaign and was effectually discountenanced by the President of the Board and Central Committee.

"In interviews with Candidates Notley, Laukea and Chairman Robertson the impropriety of making appeals based on this disease was coincided in. Leprosy requires for its amelioration and possible cure the best scientific research and medical skill, and humanitarian care and sympathy. These attainments belong to no one party or set of men, nor can they be properly the subject of partisan discussion.

"During the past six years the Government of these Islands has expended \$876,888.86 in caring for this one disease and its victims. It is doubtful if a corresponding instance of public care and generosity can be found throughout the civilized world. Aware that this Territory had not and could not raise money sufficient to prosecute to the extent desired search for a cure for Leprosy, last summer Dr. Cooper, M. P. Robinson, W. O. Smith, H. P. Baldwin, G. N. Wilcox, A. S. Wilcox and the President of the Board contributed a very considerable sum of money in personally bringing before the highest medical authorities of the United States the needs, medical and otherwise of the Lepers at the Settlement. The effort will not be abandoned while the Board of Health is constituted as at present.

"When irrespective of party, men of high humanitarian purposes, as named (with whom others would join if called upon) seek the welfare of these afflicted people, it is of doubtful public expediency or kindness to sanction partisan appeals based on this affliction, which only disturb or mislead, and the primary object of which is securing party votes. I trust I have made my views sufficiently clear, and that they will meet with the approval of yourself and associates.

"I beg to remain, very respectfully,

"L. E. PINKHAM,  
President, Board of Health.

## Japanese Army Reserves Hurrying Home To War

LARGEST NUMBER ON RECORD EXPECTED TO DEPART TODAY ON THE S. S. CHINA FOR YOKOHAMA—COMING IN FROM THE OTHER ISLANDS EN ROUTE TO ANSWER CALL TO ARMS—DEMONSTRATIONS AT THE DEPARTURES.

The present trip of the S. S. China to the Orient, will be attended with more than usual interest to all Japanese throughout these Islands. The largest number of army reserves that has yet left Honolulu since the outbreak of the war, will depart by the China for Yokohama to fight with the armies of their country. From indications it is likely that at least 100 reserves will depart. This number may be even larger than was expected this morning. The amount of room that is available on the China had, of course considerable to do with the number of Japs who can take passage on her from Honolulu. No doubt a number of Japanese reserves got aboard the vessel at San Francisco. At the present time about 150 Japanese have booked for passage from Honolulu. Most of the men are members of the reserves. More may also depart, provided accommodations can be provided them on the vessel.

Throughout the Islands the greatest activity among reserves is shown. By the steamer Kinau Saturday, there arrived fully 25 members of the reserves from various Hawaii ports, all coming to Honolulu to go back to their native land to respond to the call to arms. The steamer Claudine arriving yesterday morning from Maui ports, brought a number of members of the reserve and the steamer W. G. Hall brought 16 more from Kauai. Five of those who came by the Hall boarded the vessel at Kolon on Saturday and the remainder at Nawiliwili. There were very big demonstrations by the Japanese at both places. The Japanese school children at Kolon, sang the Japanese national anthem and the adult Japanese shouted "banzai" to parting friends and relatives.

Five of the best men at the local railway wharves will depart by the China to enter the army. One of them, Murai, is said to be a captain of reserves. It is expected that the Japanese colony will make a big demonstration on the departure of the S. S. China for the Orient.

## GENEAU MUST STAND HIS TRIAL

ALLEGED MURDERER DENIED A CONTINUANCE UNTIL THE JANUARY TERM.

The appeal made by Attorney E. A. Douthitt for more time in the Geneau murder case was without effect, for this morning Judge Gear dismissed the motion for the continuance of the case until the January term and set November 14 for the beginning of the trial. Geneau is the seaman from the U. S. S. Wheeling who in June last during a drunken brawl is alleged to have shot the negro ex-prize fighter "Useless" Harris. Harris lingered for some weeks before passing away.

A plea of "not guilty" has been entered, but just what line the defence will take has not yet been divulged. Douthitt has made every effort to gain time, making affidavit to the effect that two most important witnesses for the defence, the surgeon and one of the officers of the U. S. S. Buffalo, are now away on a cruise and will be unable to attend. Assistant Attorney General Prosser disputed the right of the defence to a continuance and of-

## TWO MURDER CASES ON HAND

PHILIP NAONE AND EUGENIO ARROYO BEFORE JUDGE GEAR THIS MORNING.

The case of Philip Naone was called in Judge Gear's court this morning on Attorney Dunne's motion for a continuance to the January term, on the ground that his many business and professional engagements would keep him from preparing a proper defence this term. Dunne was not, however, in court, and the case went over for another day.

Another murder case which was continued for a day was that of Eugenio Arroyo, the Porto Rican accused of shooting Rivera. There was no Spanish interpreter present to read the indictment over which Gomes broke down on Saturday and the case had to go over.

## MANSLAUGHTER CASE.

The charge of manslaughter against Kaahue the cowboy who was driving a fractious steer that collided with W. Daly some weeks ago and caused Daly to receive fatal injuries, was nolle prossed today in the police court.

## ADVERTISING THE ISLANDS AT BOSTON

A GOOD DEAL OF EFFECTIVE PROMOTION WORK DONE DURING THE BIG GATHERING OF EPISCOPALIANS—BISHOP RESTARICK MANY TIMES INVITED TO DELIVER ADDRESSES AND STEREOPTICON VIEWS SHOWN WITH GOOD EFFECT.

BOSTON, October 30.—Hawaii has attracted a good deal of attention in Boston in connection with the General Convention of the Protestant Episcopal Church. Bishop Restarick has had more invitations to preach and make addresses concerning Hawaii and the work of the church there, than he could accept. The stereopticon views of Hawaii which Charles L. Rhodes brought on with him have proved very popular. Wherever they have been exhibited they have attracted good audiences. Mr. and Mrs. Asen have been the recipients of much attention as have also Canon Mackintosh, the Clerical Delegate to the convention, and Miss von Holt, Charles L. Rhodes, the Lay Delegate, and Mrs. Rhodes, and of course Bishop Restarick and his son Arthur. The latter, the many friends of the family will be pleased to learn, is improving very materially in his health under the treatment he is receiving here.

The literature of the Hawaii Promotion Committee is much sought after. Unfortunately however, the supply sent on especially for this convention, together with the school exhibit that was to be put on view at Trinity church, has been sidetracked somewhere, and no trace of it can be obtained from this end. It may possibly turn up before the convention is over. But even if it does, the best part of the convention has passed. However the convention has not passed without the distribution, and it is believed, the effective distribution of a good deal of Promotion Committee literature. As soon as the Delegate from Honolulu, Charles L. Rhodes, found out that the supply of literature sent on for the convention was not at hand, he went to the Boston agency of the Promotion Committee, the Nippon-California Tour Company, 368 Hylston street, to see if a supply could not be secured from there. Much interest was manifested in the matter here and every assistance possible was given Mr. Rhodes. Practically the whole supply of Hawaii literature in Boston was put at his disposal and was distributed from Capley Hall, the general headquarters of the Episcopal Convention; from Pierce Hall, which was the headquarters of the Woman's Auxiliary, holding its sessions in Boston simultaneously with those of the Episcopal Convention, and if possible, more largely attended; and even from Emanuel church, where the sessions of the Convention were held.

In addition to this distribution of literature, notices were pasted at the headquarters inviting inquiries regarding Hawaii from those interested, and Mr. and Mrs. Charles L. Rhodes, and indeed all the representatives of Hawaii, took pains to answer very fully the inquiries received. It is safe to say that no one of all the lands represented in this great convention has been more talked about, or described by word, by picture and by lantern slide, in and about Boston, than has Hawaii.

## KAPPELMEISTER BERGER'S DELAY

Der Kappelmeister is coming home, yes, but he is such a lateness in his coming already yet! Captain Heinrich Berger of the Territorial band was to have been here at the end of the month but the allurement that San Francisco has to offer have proved too much for him and he will be a few days late.

He had been invited to lead the band in Golden Gate park yesterday afternoon but duty called him away and, if he lived up to his program, he sailed on the Alameda on Saturday and will be here next Friday. Sousa, John Philip of that ilk, is responsible for the extra few days the veteran bandmaster has added to his holiday and in a letter to Governor Carter received today he explains himself thus:

San Francisco October 24, 1904

Governor G. H. Carter.

Dear Sir:

"Pardon me to write a few lines to you. I really should come home today but you allowed me to stay at San Francisco till the end of month and I beg your pardon when I stay now till the 29. I will be home on November 4."

Yours very truly,

John Philip Sousa.

The real reason that I took the liberty with your kind indulgence Governor Carter is — Sousa. Sousa the great is here this week, I just worship him and I could not let opportunity of such magnitude slip away, and to hear the great Sousa twice a day. There we all are more or less imitations with some genuine original put in. And I also have a request from the Park Committee to lead the Golden Gate Park band on next Sunday as it was impossible before on account of bad weather."
